Dear Sandra O'Shea; Mark Tsidulko; John Ward,

**Subject: Reply to Notice of Non-Compliant Amendment (37 CFR 1.121) - mailed
08/22/2005**

Thank you for your timely response. In reply to the Notice of Non-Complaint Amendment (37 CFR 1.121) I am submitting the claims with the correct status identifiers as requested in accordance with 37 CFR 1.121. I received this Notice of Non-Compliant Amendment recently after I submitted my reply to the recent Office Action Summary mailed by the USPTO on 07/18/2005. Based on the information provided in the Notice of Non-Compliant Amendment I am submitting the three (3) page amendment document. In the amendment document I elect to cancel my original claim (claim 1). Subsequently I elect to submit my "new" claim (claim 2) that I provided as my preferred choice in my reply to the recent Office Action Summary. In future correspondence (only if required) I respectfully request the numbers of specific subsections of the CFR or the MPEP that are applicable to the situation (for example specific numbers of subsections and paragraphs of MPEP Sec. 714). This will allow me to submit the best response possible in the time allowed without overlooking requirements. To ensure delivery I will fax and also send this correspondence via certified mail. Once again I would like to thank you very much for your time and effort in reviewing my patent application. It is very much appreciated.

Very Respectfully,

Mark A. Court

Included: 1) Amendment document including three (3) pages 2) Reply Letter to Notice of Non-Compliant Amendment mailed 08/22/2005 3) Copy of Reply to Office Action Summary mailed 07/18/2005

AMENDMENT

Sir or Madam:

In response to the Notice of Non-Compliant Amendment (37 CFR 1.121) mailed on August 22, 2005 and in conjunction with my reply (response) letter to Office Action Summary mailed on July 18, 2005 please amend the above identified application as follows:

Amendment to the Claims are reflected in the listing of claims which begins on page 2 of this paper.

Remarks/Arguments begin on page 3 of this paper.
